### PROFILE

---

Passionate and dedicated IT professional with nearly 3 years of hands-on experience in web development, complemented by 5 years as a Tier 1 network support specialist. Skilled in both hardware and software troubleshooting, with a strong foundation in network configuration, web technologies, and system maintenance. Additionally, I bring 2 years of experience in graphic design, allowing me to blend technical and creative solutions effectively. As a working student, I've developed a strong work ethic, adaptability, and time management skills, thriving in both individual and team-based environments. My passion for technology and problem-solving drives me to continuously learn and grow in all areas of IT, from development to infrastructure.
